Join the **Ability Counts** Awareness Club

Who are we?

We are a student led - club at Laney College
We focus on issues related to physical, mental
and learning challenges

We also provide a network of support as well as education and social activities, so students with disabilities can work together to empower each other and build awareness of disabilities and the rights of individuals with disabilities. The club will focus on abilities and grow the community of students with disabilities into a lively and effective group. We can learn and we can have a lot of fun while doing it!
