1. Updates

Student services
Departments
Report to ACCJC on our SLO progress
GE Outcomes – approval, assessment
Stipends for assessment tasks

2. Assessment Timeline for Departments

If they don't like our timeline, they can create their own and commit to it.
Do you/we have any proposed changes to this timeline? We want to get it out soon.

3. Stipends for assessment tasks - details

- Work to be done in June 2008.
- Offer training, work sessions – first week of June
- People must apply for a stipend – limited funds
- Hammer out the details of the application
- They don't get paid unless they submit something of acceptable quality
- How much should we pay for tasks? What is it worth? Possibly: \$50 for a set of quality SLOs, \$50-\$100 for a quality assessment tool that can be shared with, modified, and used by others.
- More money for a more ambitious project involving more people
- Other details...

4. (We won't have time to discuss this, but let's not forget about it)

Planning college-wide dialogue about assessment results, possible changes/improvements

Also dialogue about academic standards, student preparation, problems, and what can be done about it. This might be a good way to introduce/promote more effective teaching techniques.
