We are pleased to invite you  
our Spring 2011 opening

Tuesdays and Wednesdays our 4th semester students will be taking a culinary trip around the world with their class ***International Cuisine***. Each week they will feature a different regional cooking style from around the world. From classic French and Italian cooking to the fiery cooking of Mexico and Szechwan China.

Thursdays and Fridays, our 3rd semester, ***Contemporary American Bistro Cooking*** class will be serving “specials” featuring the best seasonal foods, and many local, organic and sustainable products prepared with a modern flair.

Both menus will feature desserts created and presented by our Baking and Pastry, 4th semester ***Plated Desserts*** class.

**Please join us in the Laney Bistro as our students hone their culinary skills offering you fine dining at affordable prices.**
