Note the short week this week.

Items should be submitted by 11:59pm, Pacific Standard Time of the due date.

By the way, I suggest completing all course activities (exams, homework, etc...) at least one day prior to the due date. That way, if you have a computer related problem you’ll have time to complete the activity. While you are free to wait until the last day or even last minute to complete course activities you do so at your own risk. You also need to have an alternate internet connection.

**Class Policies**

- All correspondence via email must include Course Number (BUS 2) Last Name, and First Name in that order (for example: BUS 2, Smith, William.). **Any email sent to me without that format, will not get a response.** Once the semester begins, I receive between 100-150 emails a day. On top of that, many people use only their screen names, assuming that I would somehow know who they are. So to manage the volume of correspondence, I request this information. Thanks.
- You are required to have a Peralta email address. All class emails will go to your Peralta email address and you must use your Peralta email address when emailing me.
- If your question is personal in nature, please use email. **When in doubt, use email.**
- Because I regard this class as I would any job responsibility, I will hold you to strict standards of timeliness and ethics. In this regard, late work is unacceptable. Any assignment that is not submitted by the due date may receive zero points. With regard to ethical conduct, it is my sincere hope that no student in this class submits work which is not his or her own. Any assignment that is not written solely by the student whose name appears on the submission, will automatically receive a grade of zero (0) for the assignment. Similarly, if a student is determined to have cheated on an exam, the student will receive a score of "0" for the exam.
- **Any requests for accommodation during the semester for such things as religious holidays or disability must be presented to the instructor in writing no later than 1 week after class begins.**
- The instructor reserves the right to make changes in this course schedule.
Frequently Asked Questions

• **When do classes meet?**
  There are no scheduled on-campus or on-line class periods. The entire course is asynchronous and can be accessed at your convenience. Your only requirement is to complete assignments and exams as scheduled on the syllabus.

• **Are the classes different from "on-campus" classes?**
  NO. The content is identical. Only the delivery method differs. Your transcript will NOT identify this course as an online class.

• **Is this method of delivery for everyone?**
  Absolutely NOT. You must be a self-directed student who can plan their schedules to accommodate the deadlines outlined in the syllabus. It is very easy to fall behind in this course.

• **Is an online course right for me?**
  Students who are self-empowered are often successful at surviving the on-line journey and reaching the endpoint of their cyber course. Students who perform at his or her full potential, has high self-esteem, welcomes change and is willing to assume responsibility, make decisions, and express opinions, are successful cyber learners.

• **What are some potential problems?**
  Avoid traps. Don't set yourself up for doom by procrastinating, blaming others, mismanaging time or technology. Cyber students are often in multiple life roles and time is a valuable commodity.

• **What are the arranged hours?**
  This is the time that you will spend on the course over the Internet.

• **Will the class meet on campus?**
  No.

• **Do we have to meet online at a specific time?**
  No.

• **How do I take exams?**
  Over the Internet. They are written with this in mind.

• **Do I need to buy the textbook?**
  Yes.

• **Where do I find my grades?**
  The Gradebook in the course shell. See the tabs once you enter the class.

• **I have sent you email, but you have not responded?**
  As described in the syllabus: "All correspondence must include your last name, first name, and class enrolled in that order." I receive a large volume of email. Much of it is junk. The only way I can distinguish between my students email and "junk" is by you following this request. Also, I do not respond to anonymous email. That is, people who only include their "email name", such as, "seacastle@aol.com".

With these issues out of the way, your online course should move along smoothly. The occasional Internet hiccups should not prevent you from doing well in the course.

One final note... Everyone comes to the class with different expectations. Let me address one of those expectations. An online course DOES duplicate the content of the traditional course, but NOT the delivery. An online course relies on the self-directed student completing the assignments on their own time schedule while meeting the posted deadlines. It is very easy to fall behind in an online class.

**Code of Academic Conduct and Reporting Policy**
Laney College, as a community-oriented, open door, educational institution whose purpose is to educate and enlighten members of the community who seek knowledge, cannot and will not tolerate academic dishonesty. In order to uphold the academic integrity of the institution, all members of the academic community, faculty and students alike, must assume responsibility for providing an educational environment of the highest standards, characterized by a spirit of academic honesty; therefore, given this premise, under no circumstances will academic dishonesty be tolerated at this institution. Any form of cheating or copying on exams or assignments will result in a ‘zero’ for the exam or assignment, and the student’s name will be given to Student Services for violation of the Student Standards of Conduct.

**Open Access Campus**

Laney College does not discriminate on the basis of age, race, religion, color, gender identity, gender expression, sexual orientation, ancestry, citizenship, national origin, military or veteran status, disability, marital status, pregnancy, medical condition, or immigration status.

**Campus Computer Labs**

Enrolled students have access to a computer and printer at the following campus locations: Bus Lab (F251), Accounting Lab (F254), Computer Lab (F170), and Laney's Library. Visit the various campus locations for computer lab hours.

**Campus Disability Resource Center (DRC)**

The DRC provides support and resources to enrolled students with disabilities or learning challenges to ensure equal access in classes. Enrolled students may call (510) 464-3428 for hours or to schedule an appointment. **It is the student’s responsibility to contact the course instructor by the second week of class regarding the approved DRC’s accommodation letter to review and discuss the implementation process.** Student must provide a copy of the DRC accommodation letter to the course instructor.

**Withdrawal from Class**

- Students may withdraw from any class by **February 1.** No entry will appear on the students’ permanent record.
- Students may withdraw from any **Spring** semester class, whether passing or failing, at any time by **April 24** and receive a "W" grade.
- Students who withdraw after this period will receive a letter grade (including an “F” if failing) on the students’ permanent record.
- Students finding it necessary to withdraw from class at any time after registration must obtain a withdrawal card from the office of Records and Admissions.
