

# Chemistry 30B Laboratory Manual

## Table of Contents

Experiment 1	Organic Laboratory Safety_____	1
Experiment 2	Properties of Organic Compounds_____	4
Experiment 3	Molecular Models and Isomers_____	7
Experiment 4	Physical Properties of Organic Compounds_____	14
Experiment 5	Reactions of Hydrocarbons_____	21
Experiment 6	Alcohols and Phenols_____	27
Experiment 7	Aldehydes, Ketones, and Carboxylic Acids_____	35
Experiment 8	Synthesis of Aspirin_____	42
Experiment 9	Amino Acids and Proteins_____	49
Experiment 10	Enzymes_____	59
Experiment 11	Carbohydrates_____	66
Experiment 12	Lipids_____	73
Experiment 13	Preparation of Soap_____	79
Experiment 14	Preparation of a Hand Cream_____	86
Experiment 15	Vitamins_____	91
