

Recommendation to College Council  
Proposed Term Limits for Shared Governance Committees

**APPROVED – 5.16.18**

The leaders of the Faculty, Classified and Student Senates recommend to College Council that membership term limits of two (2) years be set for all shared governance committees at Laney College.

We believe this will encourage and provide more opportunities for faculty, classified and student participation. Further, it would assist in increasing the knowledge base of all employees and students as it relates to the functions and processes of Shared Governance here at Laney.

In the event that any shared governance committee feels term limits for their specific committee should be extended past the two (2) year membership term limit, the committee and/or its leaders shall have the opportunity to submit a recommendation to the College Council for extended term limits, noting the reason(s) why this arrangement would be more appropriate for their particular committee.
