

## Extraction (Experiment 4) of an Amine, Part 2 – Report Template

Submitted by:

### Abstract for Experiment 4, Part 2

(In 3-5 sentences, summarize the work performed focusing on the results of the experiment. You should not report all values measured/calculated, but focus on what you accomplished. Since you are reporting work completed, you should write in the past tense.)

### Extraction of an Amine - handout procedure

ID letter of mixture:	
Mass of starting mixture used:	
Yield of amine :	
Melting point of amine:	
Identity of amine:	
Estimated wt% of amine:
