The Facilities Committee discussed the resolution and it needed to be voted on because the district needed to hear from faculty that the infrastructure need is a priority and we needed to let the district know this semester; and the funds were available from Measure A to do the infrastructure.</li> <li>● There was a first and second to move the agenda item to discussion and the amended agenda was passed; There was a question raised of a "Violation of the Brown Act." During the discussion of the resolution, President Moore stated that the challenge was acknowledged. However, as Chair he disagreed and stated why. The vote stands until, or unless, there is a violation that will stand. A reasonable remedy would simply be to do the vote over again</li> <li>● There was a motion made to table the discussion but it was not seconded</li> <li>● The discussion continued and if there was a violation of the Brown</li> </ul>	This will be taken to the Senate Parliamentarian who was not at the
