

President's Report

March 16, 2018

Chancellor's Forum

Your Faculty Senate president was not able to attend the forum, so DAS president Donald Moore will give us a quick report about on at our meeting on March 19.

PBC and PGC Meetings

Due to poor planning and lack of consultation, the committees did not meet on March 15.

College Council

The College Council next meets on March 20. Several items are up for approval; we will review them at our meeting on March 19:

- New charge and responsibilities for the Strategic Enrollment Management Committee
- [2019–21 Strategic Enrollment Management Plan](#)
- New charge, responsibilities, and membership composition for the [Learning Assessment Committee](#)
- Prioritized resource requests ([classified positions](#), [facilities](#), [IELM](#), and [technology](#))

The College Council will also get first reads of the following:

- [Distance Education Plan](#) (which we approved)
- New integrated [SSSP and Equity Committee](#)
- Business Department's proposal to enter into a partnership with [Union Bank](#)

Low-Cost Textbooks

This topic was brought to our attention earlier this year by librarian YiPing Wang. The Faculty Senate needs to help define what "low-cost" means. Share your ideas! (This item has been part of this report for some time now.)

OEI Course Exchange

DE guru Chelsea Cohen gave us an overview of the OEI Course Exchange a few meetings ago. The Faculty Senate will soon get a chance to talk to Kate Jordahl, the OEI's Director of Academic Affairs and Consortia at CCC California Virtual Campus. Stay tuned for a date.
