Introduction to Manufacturing at Laney College in Oakland

Introduction to Manufacturing is an 8-week program for people interested in learning about the skilled trades (ST), residents of Oakland and Alameda County 18-24 years old are encouraged to apply. This is a hands-on program where you will experience **carpentry, welding, woodworking and machining.**

If you're interested in learning about a skilled trade, but aren't sure which one to pursue, come take this course. It gives you an opportunity to learn about the excellent careers in these fields. Students completing the OSHA and Food Handling courses will receive certificates that employers value. The math course will be a refresher for the type of math used on the job site.
