Ian Bartlett

for
Senator

Major: Engineering

Top Priorities:

- Honest representation – making sure student concerns are actually heard and communicated.
- Stronger clubs and student organizations – helping clubs grow, collaborate, and make campus life more engaging.
- A cleaner Laney – what can I say? I'm not a big fan of trash.

I'm running for Student Senate because I value being part of the Laney community and want to help strengthen it. I'd like to see a cleaner campus that reflects the pride we have in our school. Let's use college for its intended purpose and make Laney a safe place to share ideas, ask questions, and learn without judgment. Vote for me, and I'll help us get there.
