

Like working with your hands?
**Industrial Maintenance / Machine Technology
 OPEN HOUSES (2018)**

May 29, 6:30 - 8pm

June 6, 6:30 - 8pm

June 9, 11 am – 12:30 pm

The Laney College Industrial Maintenance Training Program offers an intensive two semesters of hands-on training for entry-level students. This full-time program is designed to provide foundational skills in repairing and maintaining technical equipment that enable graduates to succeed in the machinist trade in such industries as water and waste water treatment, refineries and other large industrial operations.

Fall 2018 Courses

- ❖ Machine 210: Machining 1
- ❖ E/ET 203: Basic Electricity
- ❖ Welding 205: Introduction to Welding
- ❖ Math 220 ABC: Technical Math
