Projects considered will be those that present a sound rationale for significantly improving student success by meeting one or more of the outcomes listed below. Collaboration among departments, programs and services areas will be given priority.

- Close the achievement gap through targeted student enrollment, instruction and instructional support services to better serve disadvantaged students residing within the boundaries of the District
- Fulfill or expand an instructional program that is not fully funded by the District Budget Allocation Model (BAM)
- Fulfill or expand a student support program that is not fully funded by the District BAM

Name of the Project:

Laney College Veteran's Student Success Counselor/ Project

Purpose/Rationale of the Project:

Laney College Veteran Affairs office is purposing for a designated Veteran counselor who is knowledgeable in state and federal rules and regulations pertaining to VA. The assigned counselor will enhance and improve the existing services for Veteran students and understand and be able to work with the assigned VA population.

Number of Students Expected to be Served:

The Project is seeking to improve the outcomes of 500 new and continuing students with specific priority to address the specific needs of the Laney College Veteran students.

Project Implementation Timeline:

The project should begin August 2014 and continue to June 2017.

Assessment of the Outcome:

The assessment will be done each semester by the collection of data, eternal tracking and certification records. With the addition of a specialized counselor the Veteran Affairs office will be able to provide quality services that will facilitate student success and support in transferring to four year institutions and obtaining certificates and AA/AS degrees.

Budget:

A \$100,000 should cover salary and fridge benefits for the assigned counselor.
