

iDesign-MFG

Introduction to Manufacturing at Laney College in Oakland

iDesign-MFG is a 4-week “sampler” course for *high school students* interested in learning about manufacturing. This is a hands-on program where you will experience **carpentry, machining, woodworking and (new) biomanufacturing / food science.**

If you like creating stuff, and working with your hands – or if you want to find out if you do like those activities, then sign up for *iDesign-MFG*. This program gives you an opportunity to learn about the excellent career opportunities in manufacturing. We’re especially interested in graduating seniors or others who would like to start career training in the fall. **Enrollment is limited to 20.**
