Community Change Studies Program Certificate of Proficiency

The Community Change Studies program combines academic course work and experiential learning to prepare students for careers in community development and related efforts to impact the quality of life in low-income communities and communities of color. The program is designed to equip students with the foundational knowledge and practical skills they will need to take on increasing levels of responsibility in careers in community organizing, development, and other efforts to involve residents, parents, youth and other stakeholders as leaders and practitioners in improving education, public health, housing, jobs creation and other conditions in their communities. CSU-GE Breadth Requirements Completed: ________ Full or ________ Partial

CSU Graduation Requirement in U.S. History, Constitution, and American Ideals Completed: ________ Yes ________ No

Minimum admission eligibility for upper division transfer applicant: (1) completion of at least 60 CSU transferable units with a minimum GPA of 2.0; (2) a minimum of 30 lower division units of General Education/Breadth within the total 60 CSU transferable units completed; and (3) completion of areas A1, A2, A3 and B4 with a grade of “C” or better.

Associate Degrees for Transfer (AD-T) to CSU: (1) a minimum of 39 units of General Education/Breadth, full completion of Areas A through E; (2) a minimum GPA of 2.0; and (3) completion of at least 60 CSU transferable units. See a counselor for more transfer and AD-T information.

CSU-GE Breadth Requirements Certification: Laney College, Peralta Community College District, can certify either full certification (completion of all requirements in each subject-area) or partial certification (completion by subject-area) of the CSU General Education/Breadth. Official transcripts of any coursework completed outside Peralta District must be on file prior or accompany the certification request. Courses taken at other California Community Colleges will be placed in the CSU-GE Breadth area identified by the offering college the term the course was taken. Courses taken at other colleges/universities may be used if the course content meets the CSU-GE Breadth area standards.

Students should request certification when a final transcript is requested to be sent to their choice of CSU (campus where admission has been accepted), the term prior to transfer. The “Request for Certification” form is available from a counselor or the Admissions & Records Office and can be filed in the Admissions and Records Office. Once certification is completed student records (transcript) will reflect the full or partial CSU-GE Breadth completion.
Students are encouraged to see a counselor by appointment to discuss transfer and the CSU-GE Breadth option as part of an education plan. Counselors are available by appointment through the Counseling Office located in the Laney Tower, 3rd Floor or call (510) 464-3152 or 464-3153.

1 Effective Fall 2013

# Indicates that transfer credit may be limited by either UC or CSU or both. Please see www.assist.org and consult with a counselor for additional information.
Completion of all the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) with a grade of "C" or better will permit a student to transfer from a California community college to a campus in either the California State University (CSU) or the University of California (UC) system without the need after transfer to take additional lower-division general education courses. (Note exception: Students transferring to UC San Diego’s Eleanor Roosevelt and Revelle Colleges may complete IGETC, but they also must meet specific general education requirements of those colleges.) It should be noted that completion of the IGETC is not a requirement for admission to the CSU or UC system. However to meet minimum transfer admission eligibility students may need to complete all of Area 1 and Area 2; check with counselor regarding the difference between minimum admission eligibility requirements and general education.

**Associate Degrees for Transfer (ADs-T) to CSU:** It is possible to fulfill the requirements for an AD-T by completing the IGETC pattern for UC transfer. However, students completing an AD-T and transferring to a CSU requires full completion of Areas 1 through 5 including Group 1C: Oral Communication course. See a counselor for more transfer and AD-T information.

The IGETC is not advisable for all transfer students. The IGETC is most advantageous for transfers who have not yet decided on a major or a campus. Once a student has identified a major, it is important to give priority toward fulfilling all required major preparation courses, particularly in professional or "high unit" majors that select applicants on the basis of satisfaction of lower division major requirements. If a student is pursuing a major that requires extensive lower-division preparation, they may be better served by taking courses which fulfill the CSU General Education/Breadth requirements or the general education of the specific UC campus or college to which they plan to transfer, examples of such majors include, but are NOT LIMITED to: Engineering, Business Administration, Computer Science, Pre-professional schools and Sciences.

**Restrictions:** A student who is initially enrolled at a UC and is returning to the same UC campus (after attending a community college) is considered a "readmit" and cannot use IGETC. However students who initially enroll at a UC, attend a community college and return to a different UC campus, may be able to use IGETC, but should check with a Laney counselor or the campus they wish to attend. This restriction does not apply to students who have taken UC summer session or Extension classes only. Students initially enrolled at a CSU and then return to the same CSU campus (after attending a community college) should be directed to that campus for questions regarding the use of IGETC. (There is no CSU system-wide policy on this issue.)

**IGETC Certification:** Laney College, Peralta Community College District, can certify either full certification (completion of all requirements in each subject-area) or partial certification: a maximum of two courses may be deferred and completed after transfer; Areas 1 and 2 must be completed prior to transfer. **IGETC for STEM Certification:** However, if majoring in Chemistry and transferring to a UC, a maximum of three courses may be deferred and completed after transfer: one from Area 3; one from Area 4; and Area 6A. **Note:** UC Berkeley’s College of Letters & Science requires full IGETC certification for all majors.

Official transcripts of any coursework completed outside Peralta District must be on file prior or accompany the certification request. Courses taken at other California Community Colleges will be placed in the IGETC area identified by the offering college the term the course was taken. Courses taken at other colleges/universities may be used if the course content meets the IGETC area standards.

Students should request certification when a final transcript is requested to be sent to their choice of UC or CSU (campus where admission has been accepted), the term prior to transfer. The "Request for Certification" form is available from a counselor or the Admissions & Records Office and can be filed in the Admissions and Records Office. Once certification is completed student records (transcript) will reflect the full or partial certification of IGETC Completion. Students are encouraged to see a counselor by appointment to discuss transfer and the IGETC option as part of an education plan. Counselors are available by appointment through the Counseling Office located on the 3rd Floor, Laney Tower or call (510) 464-3152 or 464-3153.
