June 23rd 6:30-8 pm

Industrial Maintenance Technicians

The Laney College Industrial Maintenance Training Program offers an intensive two semesters of hands-on training for entry-level students. This full-time program is designed to provide foundational skills in repairing and maintaining technical equipment that enable graduates to succeed in the machinist trade in such industries as water and waste water treatment, refineries and other large industrial operations.

Fall 2016 Courses

- ❖ Machine 210: Machining 1
- ❖ E/ET 203: Basic Electricity
- ❖ Welding 205: Introduction to Welding
- ❖ Math 220 ABC: Technical Math

Spring 2017 Courses

- ❖ Machine 220: Machining 2
- ❖ Machine 206: Industrial Hydraulics
- ❖ EET 223: Cal OSHA Safety
- ❖ Welding 215: Welding for ECT Technicians
- ❖ Machine 205: Blueprint Reading
- ❖ E/ET 11: Commercial Wiring
- ❖ Math 220 DEF: Technical Math
